

AUSTRALIAN  
SECURITISATION  
CONFERENCE  
| A | B | S | 2008 |

**Ganesh Rajendra**  
**Head of Securitization Research**  
**Deutsche Bank**

Ganesh Rajendra is a Managing Director and Head of Securitization Research for Europe and Asia at Deutsche Bank, having joined the firm in mid-2001. At Deutsche Bank, Ganesh and team focus on providing market commentaries, credit performance analysis and relative value strategies as part of the Bank's non-US securitization research effort. Under his leadership, the Deutsche Bank securitization research team has been voted the top ABS/MBS/CDO research provider by *International Securitisation Report*, *Structured Finance International*, *Euromoney*, *Credit* and the *Institutional Investor All-Europe* polls in the past three years.

Prior to joining Deutsche Bank, Ganesh worked at Merrill Lynch in the international structured credit research team. Ganesh is a graduate in Actuarial Mathematics from the London School of Economics and a Chartered Financial Analyst.

He is a contributing author to a number of books on securitization and is a regular speaker at industry conferences and seminars.
